Registering for ChemWatch GoldFFX online

All Department of Education, Training and Employment workplaces are eligible to register for access to the Chemwatch GoldFFX online version. To register for access, please follow the instructions below. Before registering, check with your workplace’s Health and Safety Advisor or administration to determine if your site has already has a username and password.

**Step 1:** Go to the ChemWatch registration page website: [http://jr.chemwatch.net/schools/](http://jr.chemwatch.net/schools/)

**Step 2:** Enter your workplace details on the ‘Register Form’. Use your work email address in the email field (personal email addresses will not be subscribed) and your 4 digit Centre Location Code in the DEST/IS Number field. Hit the submit button.

**Step 3:** You will receive an email from ChemWatch within 48 hours, stating your username and password. You should keep this information for all future workplace access to GoldFFX.

**Step 4:** Now go to the ChemWatch website [http://jr.chemwatch.net/chemwatch.web](http://jr.chemwatch.net/chemwatch.web) and login using your account name, username and password.

The account, username and password can be used throughout the workplace. Multiple users at the site are able to logon simultaneously.

Should you require training to use GoldFFX, training can be accessed through the elearning training module found at [http://jr.chemwatch.net/8uehtinkzdfl8r/](http://jr.chemwatch.net/8uehtinkzdfl8r/). Otherwise, you can click on the icon once you have logged into the GoldFFX program.
